

Clean Utilities: Regulatory Challenges and Technological Trends in the Pharmaceutical Manufacturing Applications

May 4-5, 2023

Hotel ibis Styles Settala (MI)

& Stilmas facility

Italy
Chapter

ABSTRACT

PDA Italy Chapter is pleased to announce “**Clean Utilities: Regulatory Challenges and Technological trends in the pharmaceutical manufacturing applications**” in association with Stilmas S.p.A., a Masco Group Company Pharma on 4-5 May 2023. Two days fully dedicated to latest technological trends in relation to Clean Utility Systems, including Pharmaceutical Grade Water, Steam and Process Gases, with a focus on the impact of recent Regulatory Requirements from Annex 1 as well as the New Challenges to the Production Technologies coming from Sustainability and Energy Saving.

The event’s Speakers are representatives from the pharmaceutical industry, Regulatory Agencies and experts in the latest clean utilities technologies.

Case studies will be presented by Industry experts with practical information of their application to be presented and commented with all participants.

The agenda will also include a guided tour at Stilmas facility dedicated to the Manufacturing of Phama-Water & Steam Systems. Finally, attendees will have the opportunity to share their experiences and challenges with experts of Clean Utility Systems.
